

EduPortal® eLibrary

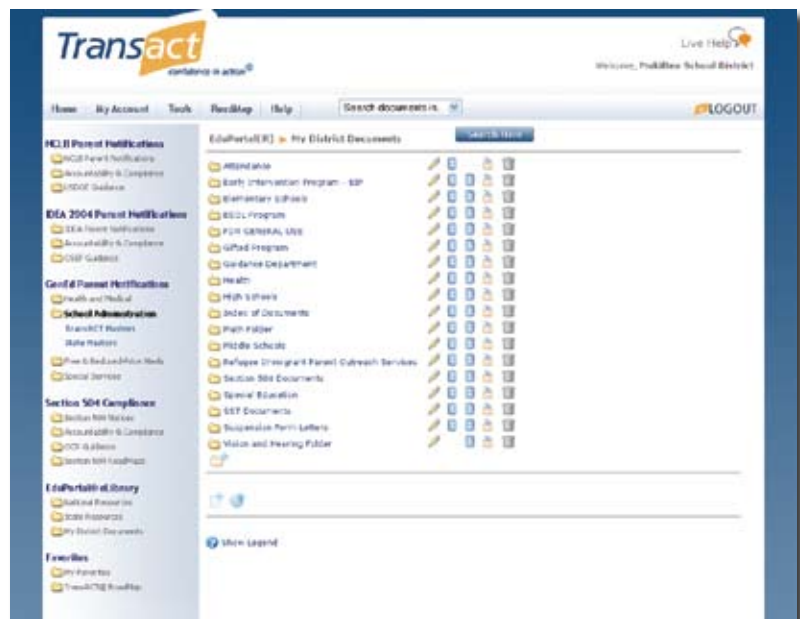

Store and manage all of your notices, forms, letters and translations

Features

- Quickly add your district's notices, forms, letters and translations
- Search district documents by keyword(s).
- Store important manuals, handbooks and guides
- Available to all TransACT registered users in your district
- Easily upload your documents with little or no web experience
- Secure central location with 50 MB of storage (approximately 3,000 text pages)

With the EduPortal® eLibrary, you can store and manage all of your district's notices, forms, letters and translations in the same location as the TransACT® Parent Notifications collections. Use of the EduPortal® is a **recommended best-practice** for districts using TransACT.

Additional Benefits

- **Custom translations** and other important documents can be integrated with the TransACT NCLB, IDEA 2004 and GenEd Parent Notifications collections.
- **Upload your documents** in seconds - create a single document vault containing the latest versions.
- **Create links** from your EduPortal eLibrary documents to other websites, such as your district's intranet.
- **Online training** to ensure district-wide success.
