

NCLB RoadMaps

Successfully navigate complex parental notification procedures... with confidence

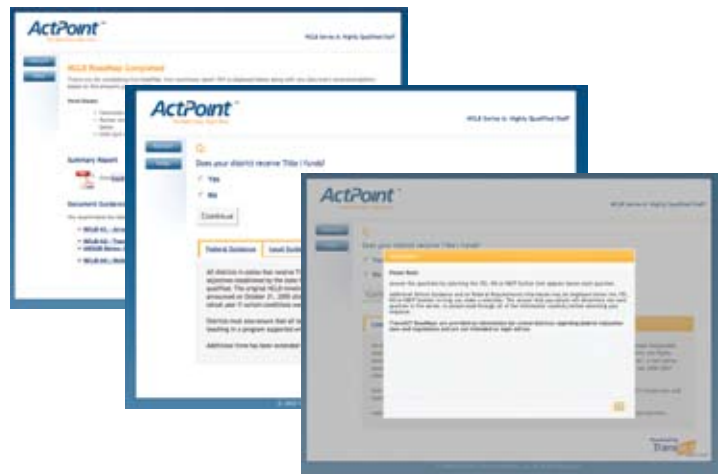

By using the TransACT® RoadMaps, all school leaders in your district can confidently create a personalized compliance site plan for parent notifications in less than an hour!

The RoadMaps take all of the guesswork out of document selection by recommending specific notices and timelines that fit the profile of each school. Straightforward “yes/no” responses to survey questions produce a professional site plan that simplifies complicated compliance mandates.

Administrators also have the ability to add guidance to clarify specific procedures or requirements.
