

Quick Link SOLUTIONS

Make TransACT Even Easier to Access!

Need help making sure district staff members are utilizing your TransACT services? There are a variety of web-based solutions to support your efforts in making TransACT more visible, accessible and an integral part of your district.

Which option makes sense for you?

TransACT Pass Through Link

Add a dynamic link to your district intranet that allows users to bypass the login screen.

TransACT Desktop Shortcuts

Give users the ability to download a shortcut right to their computer desktop that bypasses the login screen.

TransACT Login Portal

Make TransACT more visible by adding a place for users to login directly from your website.

TransACT Web Link

Make TransACT part of your district toolkit by adding a link to www.transact.com to your website.

What do people say about using TransACT Quick Links?

“ Our pass through link increases the use of TransACT by eliminating the need for yet another login. This benefits both of us because it's much more convenient, efficient and less time consuming. Staff are more likely to use a resource if they don't have to hunt for a password. The end result is that staff will use TransACT more often. ”

Barbara Macho
Administrative Assistant
Mukilteo School District, WA

Don't have time? No problem!

Let us do all the work for you. We work directly with your technology department to set up the link of your choice and notify you when it is completed.

We can also send out information to your registered users to notify them of the new feature and how to access it. We want to save you time and make your life easier – just let us know how we can help!

There is **no additional cost** to add any of the Quick Link options. It is a free technological upgrade from TransACT! To learn more, please visit: www.transact.com/support/desktopshortcut.htm

How to Get Started

To set up your link, simply contact our friendly Customer Care Team at:
